PIERSOL GUILTY OF KIDNAPING BABY KEET

Sentenced to Thirty-five Years' Imprisonment

Youthful Defendant Accepts Verdict in Calm Manner—Counsel for Defense Files Motion for New Trial.

Marshallfield, Mo., Oct. 15.—Claude Piersol was found guilty of kidnaping Lloyd Keet by the jury tonight. He was sentenced to thirty-five years imprisonment.

Counsel for the defense immediately filed a motion for a new trial which will be acted on in November. Aside from a slight quivering of his chin the youthful defendant accepted the verdict in the calm manner he has shown thruout the week's trial.

Mr. and Mrs. J. Holland Keet, parents of the kidnapped infant, were in the court room when the verdict was rendered as were the parents and sister of Piersol.

History of the Case

The abduction of Lloyd Keet, the fourteen months old son of J. Holland Keet, a banker of Springfield, Mo., culminated in the baby's death. It involved another alleged conspiracy, said to have been part of a German plot and the attempted lynching of one of the so-called conspirators in an effort to force him to confess that he was implicated in the Keet baby's disappearance and death.

While the child's parents were attending a ball at the Springfield Country club on the night of May 30, 1917, the baby was stolen from his crib in the family home. Ten days later the body was found, wrapped in an old black undershirt, at the bottom of a well at the Crenshaw mansion, which had been uninhabited for many years. Meanwhile, friends, detectives, and the baby's father had scoured the Ozark hills and had even visited previously the old farm house in their search for the missing boy.

No threats had been made to the Keet family, previous to the abduction, but the following morning, Mr. Keet received a note threatening mutilation to the infant if a ransom of \$6,000 was not paid the following night. Mr. Keet endeavored to comply but failed to meet the kidnappers. Various rewards were offered, but these were followed up by a letter to the father that the ransom fee would be increased from \$6,000 to \$10,000.

Six days after the disappearance of the boy, Taylor Adams, his wife, Allie Adams, and his two sons, Maxie and Clever, respectively 18 and 20 years old, and Claude Piersol were arrested. All vehemently denied any connection with the Keet case but alleged statements of the prisoners told of a plan to abduct C. A. Clements, a Springfield Jeweler, and a baby other than the Keet child.

The German plot angle entered the case, according to the alleged statement of Piersol, that a man had employed him to assist in kidnaping Clements. The man was said to have received orders from a German agent in St. Louis and to have promised Piersol he might be called upon to kidnap persons in Canada and Mexico as well as in the United States.

All efforts to shake the statements of the persons arrested were unsuccessful. They maintained they had nothing to do with the Keet case.

On June 9, however, a party of citizens made a second and more thorough search of the Crenshaw farm and found the body. A coroner's inquest decided that the child had died from exposure and lack of proper nourishment.

The excitement of Springfield became so great that a mob stormed the county jail demanding that the prisoners who were being held there be turned over to them that they might avenge the baby's death.

Sheriff Webb attempted to spirit his prisoners away in an automobile. The mob pursued and finally caught them at Stockton, Mo., 28 miles north of Springfield where they took Piersol from the sheriff and went through all the movements of a lynching party, even to stringing the prisoner from a tree limb. Piersol held to his original story and denied that he was responsible for the Keet infant's death. The mob surrendered him to the sheriff and the prisoners were lodged in the Stockton jail.

IDENTIFIES BODY AS THAT OF SWEETHEART

SEATTLE, Wn., Oct. 15.—Earl O'Brien of Seattle today identified a headless body found in the brush here yesterday as that of Miss Ruth DeMeritt, aged 17, a resident of Kirkland, a Seattle suburb. O'Brien whose name was signed to a note found on the body said she had attended a dance a month ago and had not been seen since so far as he knew.

Mrs. Anna DeMeritt, the girl's mother asserted today that her daughter never returned from a dance on Sept. 13, which she attended with a man known as Capt. McWinn. McWinn at the time was arrested but after being questioned was released, the police saying he gave a good account of himself.

LOSS ON STORAGE EGGS

Chicago, Oct. 15.—W. T. Siebel, business manager of the National Poultry, Butter & Egg Association asserted today at the annual convention of that body that the chief concern over the prices among the members is about eggs. Storage eggs which had been purchased in the spring at 37c per dozen were being sold, he declared for 35c, representing a loss of two cents besides carrying charges. The association declared itself ready to accept government regulation which begins with the licensing of food distributors on November 1.

GOOD WELL DRILLED AT NORTH STATION

Water Stands at Point Nine Feet From Top—Council Lets Contract for Side Walks.

The city council held a regular session Monday morning, when few matters of business except of a routine character were considered. The contract for constructing a concrete walk on certain streets in accordance with recent advertisement was awarded to Simeon Fernandes & Son, on their bid of 12 cents per foot. This contract covers certain properties where the owners have failed to comply with the city ordinance requiring the construction of walks.

Mr. Vasconcellos reported that at one of the wells sunk at the north side station that water is standing to a point within nine feet of the surface and the indications are that the well will be a good producer. One of the other wells which has not been giving satisfactory service will be cleaned out and Mr. Vasconcellos believes that it will add materially to the supply. Mr. Havenmeyer of the Illinois water survey is expected today or tomorrow to inspect the new well, which work will be done under the direction of the water survey. It has been necessary to pump a great deal from Morgan lake recently and the water there is getting quite low. Mayor Rodgers expressed the opinion that it is lower now than it was at the same time last year and that the prospect for rain does not seem to be good. Mr. Widmayer said there was nothing especially new in the department of finances and that all approved bills will be paid just as soon as the funds are available.

Mr. Martin reported some recent arrests by the police department and that some new hose and smaller nozzles have been purchased. This equipment will make it possible to fight fires with a smaller supply of water. Mayor Rodgers said that the welding machine to be used in attaching the copper wires between the rails of the street railway had been shipped several days and the receipt was daily expected. Work on the tracks will proceed just as soon as this equipment arrives, and it is the hope that very soon this work can be pushed by the use of day and night forces in a way that will enable the paving work to proceed without interruption.

TYPOGRAPHICAL UNION MET IN JOLIET

State Organization Has Had Rapid Growth—Membership Numbers 5,000—C. E. Newport Elected Trustee.

Carl E. Newport of Jacksonville was elected trustee of the Central District of the Illinois Typographical Union at the state second annual conference held in Joliet Saturday and Sunday. Other officers are:

President—George Lischer, of Springfield.

First Vice President—John A. Foster, Chicago.

Second Vice President—John V. Maddox, Alton.

Trustees—C. N. Curtis, Aurora, Northern District; Edward Koch, Belleville, Southern District; Carl E. Newport, Jacksonville, Central District.

The present state organization has only been in existence since January, 1917, but it has shown gratifying growth and today the number of local unions affiliated represents a total of 5,000 members. Locals representing approximately 900 printers in the state are not in the state union and a campaign was planned at the meeting that it is hoped, will bring all of them into the organization before the next annual conference.

Since its organization the state body has been of much benefit to the locals and individual members. It has brought about a better feeling and closer cooperation of the locals and has especially been active in the matter of better sanitary conditions in shops and also in the matter of wage increase.

The next session will be held in the city that contains the State Federation of Labor convention. This convention is being held in Joliet this week and the state typographical meeting will be held on the two days preceding its sessions. Chas. E. Blair and Carl E. Newport were the representatives from local No. 356 of this city. They report a splendid meeting and royal entertainment from the citizens of Joliet.

COMMISSION TO ARBITRATE DISPUTE

CHICAGO, Oct. 15.—Members of the arbitration commission named to settle the dispute between the telegraphers employed by the Chicago, Rock Island & Pacific railroad and their employers met here today and began taking evidence.

The men ask a working day of eight consecutive hours, 75 cents for the first hour of Sunday work and sixty cents for each subsequent hour of Sunday work in lieu of double time.

ENDORSED BY T. R.

Washington, Oct. 15.—That Theodore Roosevelt has endorsed the proposal to register all men between the ages of 18 and 31 for military training as a permanent policy was association for universal military training.

THREE DIE IN EXPLOSION AT THE DUPONT WORKS

Nitro Starch Dry House Blows Up

Company Issues Report Stating There is Nothing Suspicious About Explosion—Only Four Men in Building.

Philadelphia, Oct. 15.—An explosion in the nitro starch dry house at the Dupont Powder Works at Gibbstown, N. J., resulted in the instant death of two workmen. A third man is missing and is probably dead. The bodies were blown to pieces. Another man was seriously injured. The destroyed building was a small one story structure isolated from the rest of the plant and the force consisted of four mentioned men.

There was no other damage. The Dupont Powder Company says there is nothing suspicious about the explosion.

Because of the terrific force of the explosion most alarming reports as to its extent were in circulation. Almost everybody in Philadelphia, twenty miles distant, felt it, and surrounding towns in New Jersey reported shattered windows, and other ill-effects of the impact. Consequently the news that there had not been a great disaster came as a relief.

Ever since the war began the powder and munitions factories around Philadelphia have been a source of apprehension to the public and the people became excited whenever a report is heard or felt from the "down the Delaware" section, where millions of pounds of explosives are being turned out for the armies.

SAFE BLOWERS ARE BUSY AT PEORIA

PEORIA, Ill., Oct. 15.—Safe-blowers some time last night blew the safe in the Bartles-Sweeney Oil Company's office here and escaped with \$400 in cash. Several checks which were in the safe were left by the thieves. The robbery was discovered this morning when the office was opened.

WELLESLEY TO OFFER EMERGENCY COURSES

WELLESLEY, Mass., Oct. 15.—Wellesley College has decided to offer nine emergency courses in war relief work during the present college year. They will include instruction in home nursing, first aid, wireless telegraphy, history of the war, home economics, gardening and conservation of produce, statistics and filling and surveying and map making.

SERVE HOT LUNCH FREE TO SOLDIERS

CHICAGO, Oct. 15.—A kitchen wagon, planned to serve soldiers with hot lunch free of charge, is in operation here today, the first of five which the government will install in Chicago. Regulation kitchen wagons are used with compartments for coffee, hot soup and solid foods and a stove to keep the viands hot.

APPOINTED CENSORS OF OUTGOING MAIL

WASHINGTON, Oct. 15.—War and navy department representatives on the board of five authorized by the president to censor outgoing mail, cable, radio and telegraph communication were appointed today. They are Major General Frank McIntyre, chief of the insular affairs bureau, and Lieutenant Commander Charles Belknap, who have been acting as censors for their respective departments for some time. Other members of the board are to be named by the postoffice department, the war trade board and George Creel, chairman of the committee on public information.

STAR WITNESS RELEASED ON BAIL

PHILADELPHIA, Pa., Oct. 15.—Samuel G. Maloney, star witness for the commonwealth in the case against Mayor Thomas B. Smith and eight co-defendants charged with conspiracy to murder, was released on \$10,000 bail today for a hearing Thursday, on a warrant charging conspiracy to commit murder.

NEW YORKER CHARGED WITH CONSPIRACY

NEW YORK, Oct. 15.—A man who gave his name as William J. Dunbar was arrested here tonight by the police charged with conspiracy to obtain information against the United States thru enlistment in the army and navy. He was turned over to the federal authorities.

IOWA TO BE DRY BY AMENDMENT

DES MOINES, Ia., Oct. 15.—With an estimated majority of 30,000 to 35,000 Iowa voters today decided to prohibit the manufacture and sale of liquor in this state by constitutional amendment. The state has been dry by statutory provision for two years. The amendment becomes effective immediately.

GOVERNORS PRESENT

New York, Oct. 15.—Four governors were speakers tonight at the governor's conference held in connection with the Southern Commercial Congress.

BAR CLERGY.

Petrograd, Oct. 15.—The Orthodox Council, at a meeting in Moscow, has decided against permitting the clergy to participate in the provisional parliament.

PLUMBING FIXTURE ROBBERS ARRESTED

Colored Boys Arrested After Stealing Lead Water Pipe in Armstrong Property—May Have Committed Several Similar Robberies.

Pateman Jordan made an arrest of more than ordinary importance when he gathered in James Allen and Earnest Ramey, two colored boys, on the charge of breaking into vacant houses and stealing the plumbing.

There have been at least a half dozen houses broken into recently and the lead piping and brass fixtures of the plumbing removed. Three of these houses have been entered in the last few days. They were: Dr. Austin Kingsley's property, Jordan street; Ellis Henderson's West Lafayette avenue and W. L. Armstrong's North Church street.

The robbery of the Armstrong house which occurred Monday was the one that led to the arrest of the culprits. They had been stopped by Mrs. Howard Dunlap who was questioning them. Bernard Gause happened to pass and the boys started to get away. Mr. Gause caught them and turned them over to the police. One of the boys had a piece of lead pipe that had been taken from the Armstrong house. They gave their names to Mr. Gause as Samuel Black and Edie Daniels.

It is the opinion of the police that the arrest of these two youngsters explains a number of similar robberies of the past few weeks. The loss in these robberies has amounted to several hundred dollars of fixtures in addition to damage to the property as in some instances the boys cut off the lead pipe on the water connection and left the water running.

The Allen boy lives in Broadway alley and is the youngest who was with the Coleman boy last week when he stole Carl Litter's horse and buggy. The Allen boy was released but it seems that he should have been held. The Ramey boy lives in North West street, just north of the Wabash railroad.

BOND ALLOTMENT FULLY SUBSCRIBED

Morgan County Bankers at Meeting Monday Agreed to Take \$612,500 of Liberty Loan Bonds—More than Measure up to Government's Request.

Representatives of the banks of Morgan county held a meeting Monday afternoon at the Avers National bank and subscribed for Liberty Loan Bonds to the amount of \$612,500. This sum is \$12,500 in excess of the allotment made to the county. The largest subscription was \$225,000 and the smallest \$2,750. By this prompt action, as was true in the first Liberty loan, the banks have complied patriotically with the suggestion of the treasury department.

Some further announcement will probably be made as to the intentions of the bankers and there may or may not be a general local campaign for the placing of these bonds with individuals. The following is a list of banks and the respective amounts subscribed:

| | |
|--------------------------------|-----------|
| The Avers National Bank | \$225,000 |
| Elliott State Bank | 100,000 |
| F. G. Farrell & Co. | 75,000 |
| Dunlap, Russell & Co. | 52,500 |
| Farmers State Bank & Trust Co. | 15,000 |
| Franklin Bank | 20,000 |
| Wemple Bros. | 30,000 |
| 1st National Bank, Waverly | 25,500 |
| Chapin State Bank | 15,500 |
| Alexander State Bank | 11,250 |
| Murrayville Bank | 7,500 |
| Woodson State Bank | 5,000 |
| Farmers & Merchants, Concord | 3,750 |

KENNETH CLINE REJECTED

Word has been received by relatives in Franklin that Kenneth Cline of that city who went to Camp Zachary Taylor with one of the Morgan county contingents has been rejected by the army officers. Cline passed the examination before the local exemption board but was rejected at Camp Taylor on account of leakage of his heart.

ADVENTURE SHOT AS SPY BY FRENCH

PARIS, Oct. 15.—Mata-Hari, the dancer and adventurer, who was recently convicted of espionage, was shot at dawn.

Mme Mata-Hari, long known in Europe as a woman of great attractiveness and with a romantic history, was accused of conveying to the Germans the secret of the construction of the Entente "tanks," this resulting in the enemy rushing work on a special gas to combat their operations.

Her conviction was considered in a revision court and on Sept. 28, the supreme court confirmed the previous findings.

TRENCH SYSTEM IS COMPLETED

FORT SHERIDAN, Ill., Oct. 15.—The elaborate system of trenches at the training camp here will be completed today preparatory to the sham battle which is to be waged at the camp next week.

HOW MUCH OF IT WILL THE SERBIANS GET?

WASHINGTON, Oct. 15.—Shipments of five thousand bags of flour for Serbians in Austrian prison camps, the first of a series of food purchases which the American Red Cross, in co-operation with the Serb government is making in this country for relief of prisoners was announced today.

WILSON SOUNDS CALL TO ALL STATE BANKS

Asks Mobilization of Nation's Gold Reserve

President Requests State Bank and Trust Companies to Join Federal Reserve System at Once.

Washington, Oct. 15.—President Wilson tonight sounded a call for the mobilization of all the nation's gold reserves under supervision of the federal reserve board. The president called on all eligible member's state bank and trust companies to join the federal reserve system without further delay that they may "contribute their share" to the consolidated gold reserve and aid more effectively in prosecution of the war.

Scores of such institutions have flocked to the system in the last three weeks among them some of the largest trust companies in New York. In less than three weeks resources of institutions in the system have risen from \$1,200,000,000 to more than \$2,600,000,000.

Liberty loan financing, activity in money markets, the effect of the government's huge financial transactions upon the bond markets and the stock exchange, have aided greatly in the country's resources.

With the board in active control of the country's huge store of gold (more than \$3,000,000,000) officials believe finances of the country will be impregnable as human skill can make it.

The latest report of the comptroller of the currency placed at several millions above sixteen billion dollars the resources of the banks within the system. Since that report was issued, however, nearly \$1,500,000,000 have been added thru new members.

There are however, between 8,000 and 9,000 eligible banks and trust companies, with resources estimated at from twelve to sixteen billion dollars, whose activities are governed only by state laws. The president addressed himself to these institutions.

DR. BAYLIS WILL TALK ABOUT WAR CONDITIONS

Noted New York Lecturer Will Be Heard Here at Central Christian Church Wednesday Night.

Attention is again called to the coming of Dr. Charles T. Baylis of New York to Jacksonville Wednesday night, for a lecture on war conditions. This lecture will take place at Central Christian church at 8 o'clock Wednesday night and admission will be free. Dr. Baylis is making a series of splendid patriotic speeches and Jacksonville is fortunate, indeed, in having him assigned to this city by the State council of defense. Dr. Baylis is an intimate friend and co-worker of Brand Whitlock and Herbert Hoover and has the cordial good opinion of these men. People in this locality should not fail to hear him. A Canadian paper recently had the following notice:

"To go through Belgium today is as cheerful as going through a graveyard at night" was one of the pointed remarks of Dr. Baylis in his lecture in Masses Hall on "Through Desolated Belgium with a Camera." The lecturer has just returned from the seat of war and gave an illustrated talk on conditions as he found them. Harrowing, indeed, were the stories the camera told. Great lines of magnificent trees that were hundreds of year old were hewed down and sent to Germany. Ruins of historic churches, libraries and beautiful old city halls were also shown. The frightfulness of war was brought home to all in the picture of pathetic groups of old women and little children viewing their destroyed homes. Dr. Baylis paid a glowing tribute to the Canadian troops and their splendid work on the battlefield.

NOVEL WITH LOCAL COLORING.

"Bessie Brandenburg" is the title of a novel written by Dr. J. M. Wolfe of this city which has just come from the press. This novel is said to deal in an interesting way with local political conditions. Copies have not yet been received in Jacksonville but shipment has been made by the publisher.

LARGE ATTENDANCE AT FRANKLIN REVIVAL

Meetings at Church of Christ Under Leadership of Rev. Holsapple Grow in Interest Nightly—Meetings Will Close Sunday.

The evangelistic meetings at the Franklin Church of Christ are now in the third and last week of the series.

Large attentive audiences assemble nightly to hear Evangelist John Wright Holsapple. He has devoted several sermons to a series of New Testament conversions as recorded in the Book of Acts. A quarter of a century in the pulpit as pastor and evangelist, extensive traveling in nearly every state in the union and Canada and a close observation of lives of men all enable this evangelist to impress his hearers with the reality and necessity of his message.

He has ever before him the interests of the church and works to that end. Rev. Holsapple was pastor several years ago of Rev. James Todd, Jr., the local pastor, down in the Book of Acts. The result of the ties of friendship which have kept these two ministers in touch for several years. The church will be the better strengthened because of their friendship, as is being demonstrated at the meetings continue. Sunday night the evangelist spoke to a crowded house on "Be sure your sins will find you out." Two more were added to the number who have thus far gone forward. At the close of the service Tuesday evening the pastor will administer the ordinance of Christian baptism.

CAMPAIGN FOR ADVISOR BEGINS IN COUNTY

Enthusiastic Meeting Held at Litterberry Monday Night—Sidney Smith Will Speak at Murrayville Tonight.

Sidney Smith, special representative of the U. S. government of agriculture, came to Jacksonville Monday to begin a ten days' campaign for the securing of a county advisor or agent for this county. In accordance with the arrangements previously made Mr. Smith was taken to Litterberry by Charles C. Black. There they met Albert Crum and Mr. Crum drove with Mr. Smith to various farms in the Litterberry neighborhood. At night a meeting was held at the store of W. E. Murry in Litterberry with a company of forty or fifty in attendance. Mr. Crum presided and informal talks were made by Mr. Smith, C. S. Black and Frank J. Heintz. The purpose of these talks was to give a clear understanding of the government's reasons for now urging the selection of a farm advisor and the discussion of the work which such an advisor would do. Most of the men present knew in a general way about the proposition but there were various questions that they desired to ask and the discussion was of a very enlightening kind. As a result of this meeting a goodly number of those present signed the membership cards and others indicated that they would do so in the course of a day or two.

Today Mr. Smith will be taken to Murrayville by A. M. Masters and in that precinct C. Justus Wright will accompany Mr. Smith in visiting various farmers. In the evening a meeting will be held in the town hall. The fact that Sangamon county organized an association Saturday with a membership of 322 and a large number of tentative members is proving interesting to Morgan county farmers.

As has previously been mentioned, the reasons for interest in the farm advisor proposition now are twofold. The government desires the employment of such an advisor because of the great need for increasing crop production and the farmer, aside from patriotic reasons, has the motive of wishing for increased crop returns on his own account. Judged by the interest shown the first day of the campaign the farm advisor proposal will meet with cordial support in Morgan county.

PROBATE COURT.

In the estate of Elijah Million, letters testamentary were ordered to issue to Hugh Million and J. E. Osborne.

In the estate of Richard Day, appraisement was approved.

In the estate of Joseph H. Yingling, letters testamentary were ordered to issue to Hattie Yingling and bonds fixed in the sum of \$86,000.

In the conservatorship of Mary DeFries, report was approved, death of ward shown and conservator authorized to proceed as executor.

CHANGE OF ADDRESS FOR CAMP TAYLOR MEN

A card from William Eads, one of the Morgan county soldiers now on duty at Camp Taylor, gives a change of address, as the forty-eight men who left here in one company have been changed to ambulance company No. 336, sanitary train 309. This is the address which should be used for mailing letters to these men. The last anti-typhoid hypodermic was given to the men Friday and Mr. Eads is writing said: "There is certainly a bunch of sore arms in these barracks."

OPEN CONVENTION

Washington, Oct. 15.—Conservation of the country's milk supply as a war time measure and more sanitary methods of production and distribution were the chief topics before the International Association of Dairy and Milk Inspectors which today opened their sixth annual convention here.

Mr. and Mrs. J. W. Walton and daughter Ruth will leave this morning for a sojourn in New York state.

GERMANS CAPTURE CAPITAL OF ISLAND

Teutonic Forces Still Pursuing Russian Troops

German Cruisers and Torpedo Boats are Aiding the Offensive as Far as Possible—Russians Repulse Attempts to Enter the Gulf of Riga.

The German forces which landed on the island of Oesel at the head of the Gulf of Riga have captured Arenburg, capital of the island and are still pursuing the Russians at various places. Aiding the operations as far as possible are German cruisers and torpedo boats which have shelled batteries and towns. Attempts by the German fleet to enter the Gulf of Riga or to operate in the waters between Oesel and Dago Islands however, are meeting with resistance respectively from the Russian land batteries and Russian units. In the latter region the Germans declined to accept battle and retired in the face of the Russian warships.

As yet no attempts have been made by the Germans to effect a landing on the coast of Estonia and across the right flank of the Russian army and neither has any effort been made to penetrate the Gulf of Finland, the waters of which are heavily mined and will require intensive mine sweeping operations before a naval demonstration can be made against the important port of Reval.

In Flanders no military operations on a large scale have been attempted but the big guns are carrying out reciprocal bombardments of great violence like those that always precede the starting of an infantry offensive.

The British troops have carried out several successful raids in which severe casualties were inflicted on the Germans and prisoners and machine guns were taken.

After the lapse of two days the heavy artillery duels have been resumed between the French and Germans on the Verdun front, especially to the north of the famous Hill 344. Also on the Aisne front there is considerable artillery activity.

Preparations apparently are being made along the Julian front of the Austro-Italian theater for another big battle. In the Brezotizza valley and on several other sectors the artillery of both sides is engaged in heavy fighting and there also have been sharp reconnoitering encounters. In the Brezotizza valley a strong attack by the Austrians was broken up by the Italian machine gun fire, as likewise were attempted offensive from the west of Flondar to the head of the Adriatic sea.

The entente allies in Macedonia are keeping up their harassing tactics against positions held by the Teutonic allies, daily throwing heavy bombardments against them or by launching infantry attacks of considerable proportion. The latest of these latter operations has been carried out by Scottish troops who raided the village of Homodros, near Seres and captured 143 prisoners and also three machine guns.

The British mercantile cruiser "Champan" has been torpedoed and sunk by an enemy submarine with a loss of five officers and 51 men. The British mine sweeping sloop Begonia is overdue and is believed to have been lost with her entire crew.

AUTO TRIP TO NORTHERN ILLINOIS

Mr. and Mrs. George Holly and children Martha and Elizabeth and John Holly of Arnold and Miss Ruth Waggoner of Jacksonville returned late last night from a four hundred mile motor trip thru parts of the northern part of the state. The party left early Saturday morning in Mr. John Holly's Jeffrey car going up thru Starved Rock, Deer Park, Ottawa and La Salle, and coming back via Chillicothe and Peoria. They report the roads remarkably fine all the way. The scenery thru that historic section of the state is beautiful and it is well worth any one's time to make the trip. The scenery from Chillicothe to Peoria, where the highway parallels the river is one of the most beautiful bits of the entire trip.

AUTO ACCIDENTS INCREASE.

The great need for some prompt action for the control of speeding automobile owners was shown in the report of the national highways protective association for nine months ending Sept. 30. On the highways of New York state during that period 636 persons were killed by automobiles, the figures being much higher than for the same periods of 1916 and 1915. The number of cars in the east and all parts of the country is increasing so rapidly that there is an earnest demand not only for more stringent speed laws but for strict enforcement.

LIBERTY DAY.

President Wilson's proclamation setting Oct. 24 as liberty day, asks the people to assemble "and pledge to one another and to the government the fullest measure of financial support."

"Let the result be so impressive and emphatic," the president urges, "that it will echo thru the empire of our enemy as an index of what America intends to do to bring this war to a victorious conclusion."

The bankers of Morgan county have patriotically anticipated the action of Oct. 24 and by agreement at a meeting Monday have already agreed to take over more than the sum total of bonds allotted to this county.

WOMEN BETTER LABOR CONDITIONS.

Driven by the necessities of the great war hundreds of industries have opened their doors to women for the first time—women are everywhere doing the work hitherto done exclusively by men. With this change in the economic scheme has come a change in the social life of labor; a change that in many cases was unforeseen but which has proved in every case to be a betterment of existing conditions. Just as the women have shown increased efficiency in the work so has the social atmosphere of the great factories been improved.

Men, working side by side with women, have been ashamed of rude behavior and finding keen competition from the women, have attended more strictly to business. As one works manager said recently, "The boys have cut out the rough stuff and are digging hard—the girls have got 'em scared the way they mind their knitting."

Employers, however, find that with the employment of women come greater obligations to their working forces and most of them have risen to the occasion. The shops are being made light and airy; rest rooms, baths and dressing rooms are being installed and the living conditions generally being improved. No soon-

er are the women provided for than the employer realizes that similar accommodations should be given the men and the result is that all gain.

THE SOX WIN.

No more baseball until 1918. Comiskey's White Sox ended the 1917 season when they defeated the New York Nationals yesterday afternoon by the score of 4 to 2, and became the baseball champions of the world. When, after winning two straight games, the Chicago men failed to score against the Giant machine for twenty four consecutive innings, many fans were a bit dubious as to the series outcome. The Giants, playing on their own lawn, seemed to be invincible to the onslaughts of the western players. So it is with great satisfaction to all western baseball followers to see that the Chicago men can fight on foreign territory as well as when they have the cheering support of thousands of home fans. Saturday's contest at Chicago showed the fighting ability, the never say die spirit of the Rowlands. In this game after New York had a lead of several runs, they came up from behind and fought their way to victory. It seems that the westerners rather had it over their eastern opponents in this game, this spirit of aggressiveness which is so essentially necessary in the great national game as well as in other lines of endeavor.

In all three of the games in which the White Sox got a lead on the New Yorkers, the game was over as far as the result was concerned, for as Jack Lait in the Chicago Tribune aptly expressed it the easterners quit "like quaterbreeds." To Comiskey, the popular owner, is due in a great measure, the success which the team has had. He has at all times been liberal in a monetary way in the effort to make the team a winner. He has the support of a big majority of the fans of the Windy City, who have supported the team thru years of success and thru years of defeat alike. Manager Clarence Rowland also deserves great credit for the winning of the world championship belt, and may now be able to ditch the "Busher" which many Big Leaguers have insisted upon calling him. But to the men of the team, each performing his part, co-operating so as to make the whole a well oiled, smoothly working machine, is the bulk of the glory due.

WHY I ASK YOUR HELP.

(An Editorial: By Herbert Hoover, Food Administrator of the United States.)

I ask your help because the President has laid upon me and has asked me to assume great responsibility in the conservation of the food supplies of our country. It would be an unbearable burden but for two reasons. One is that I feel sure every loyal American will at this time undertake unhesitatingly and wholeheartedly whatever service is required of him.

The other reason is—the American woman. I believe you have only to understand the food needs of this nation, of the Allies, and in fact of the entire world, in order to enlist your immediate and intelligent support.

I realize full well that 70 per cent of our households are conducted with thrift and without waste, but even in those we need to secure the use of equally good food. In substitution for those commodities which can be shipped over the seas in these times of lack of shipping.

Among the 30 per cent it is true enough that we have deserved the reputation of the most wasteful housekeeping in the world, and the time has come to turn our faces squarely in the opposite direction and make our country a model of economical management.

Indeed, if our American ideal of a square deal is right, we can do no less.

For three years now the people of the Allied countries have borne the burden of this struggle for life and liberty and are bearing it with pain and privation. There are millions of women in Belgium and Northern France today who, for three years, have heard no word of their husbands, their sons or their brothers, and who go about their daily tasks, provided with the most meager allowance of food for their children, with a smile on their lips.

It is for women such as these, for soldiers gallant beyond description, for little children of Europe, that you now face the immediate duty of taking up arms, as it were, in your

households. You are a great army crafted by conscience into what is now the most urgent activity of the war—that of increasing and conserving the food supply.

Conditions which have brought about a world shortage of food have placed upon the shoulders of you, the women of America, to a great degree, the responsibility of winning this war, for the wolf is at the door of all the world except our own country, and we have a superabundance.

We are not alone appealing to the women; we are actively organizing the men in trades, hotels, restaurants and in food distribution, hoping to eliminate waste, to moderate speculation and extortionate profits.

It stands to the members of your family. They must have all the food they require to keep them in good health and capable of performing efficiently their daily tasks. Information for your guidance as to the food needs of the average family will be put in the hands of every earnest woman in America.—Good House-keeping.

ORDERS ARE ORDERS

IN THIS FIGHT TO WIN.

The controversy regarding the consolidation of our 5th regiment with other organizations and the abolishment of the regimental organization, including its present officers, seems to have originated in Quincy purely as a matter of local pride, Col. Wood, the commandant of the 5th being a Quincy man. Governor Lowden, however, has taken a hand in the situation precipitated by charges made against Brigadier General Hill by Colonel Frank S. Wood and it is said that Lieut. Gov. Oglesby went to the camp as his personal representative.

Edw. J. King, member of congress from the following telegram to the chamber of commerce, which explains itself:

Washington, D. C., Oct. 12.—Hon. J. A. Thompson, Quincy, Ill.: Wire received; immediately obtained an interview with Adjutant General McCain and urged him to prevent the dismemberment of Fifth Illinois. The general said the division commanders were shifting regiments under general orders and that the same were necessary on account of increasing the size of regiments required to meet the European situation. War department appreciates feeling of local pride on the part of various communities but assures them that military necessities require that this be done. I know myself that a similar procedure is taking place all over the country. The district of Columbia troops at Camp Meade in actual service since 1916, have been dismembered and scattered over the country. Regret that situation is uncontrollable. The war office is besieged from all parts of the country and cannot yield.

Edward J. King, M. C.

"Military necessity" explains the whole story and believe it is the duty of the Quincy people to recognize that fact and to cease their petty attempts to embarrass the military authorities by appeals to politicians. Jacksonville has a company affected by this order. They are proud of them and believe they have enlisted for the war and to obey orders—a war the results of which are far greater than any one man's ambition.

The Quincy Herald truthfully says:

"One of the first duties of the soldier is to obey military orders. In fact, this implicit obedience to orders, however unwise they may seem or irksome the duties which they impose, which is a mark of the godly soldier, makes the military life so distasteful to the civilian. The civilian uses his own discretion as to the manner of the fulfilling of commands. The soldier obeys without qualification and without any independent thought or action."

"Quincy recently has had two instances brought home to it of the necessity of implicit obedience to military orders. The one instance was in connection with the affairs of Company E which is now at Springfield. Captain A. E. Zoller wrote an excellent letter to D. L. Musselman, which was published in The Herald last evening. Orders are orders. The soldier enlists for service and he serves where those in authority tell him to serve. The other instance was the order which dismembered the Fifth Illinois regiment and scattered its various companies to regiments whose commanders are unknown to the soldiers of the Fifth and to duties which the men never had in mind when they enlisted. However, orders are orders and must be obeyed in the true spirit of the soldier. Until indisputable evidence to the contrary is received, Quincy citizens must believe that this order was issued with the conscientious purpose of improving the service. At any rate, orders are orders and if the soldier receives them as such, we should not make the obedience harder."

Quincy's young soldiers, those at Springfield and those at Houston, are getting most rigorous instruction in the school of the soldier."

Rippling Rhymes
By WALT MASON

LITTLE GL-ES.

How bravely, buoyantly, man bears his galling load of woes and bears his galling load of woes and marts with fearless eyes and dauntless heart. Dispatches bring him tidings dire; his buildings are destroyed by fire; his vessel, filled with navy beans, was sunk by German submarines; the bank in which he had his wad is closed—the cashier's skipped abroad. Perhaps he's pale around the gills, confronting unexampled ills; perhaps he sheds a pint or two of sweat as cold as morning dew; but he's the modern fighting

gent, and so he raises no lament. With stoic calm, with Spartan front, he buckles to his daily stunt. Then he goes home to have a doze; a silly fly with tickling toes is climbing o'er his drowsy brow—oh, watch the Spartan hero now! Oh, see the dauntless stoic rise, and cuss around and cuss the flies. He knocks the pictures from the wall, and roasts his loved folks, one and all, she's see that every doggone fly, one who's weary, sore and lame, can't harvest some refreshing sleep; and if his wife was worth her keep, she'd see that every doggone fly should curl its little limbs and die.

GREAT THRONGS SUNDAY AT REVIVAL SERVICES

Church Auditorium was Not Large Enough for People Who Wanted to Hear Dr. Hanley—Music Grows More Inspiring—Patriotic Services for Tonight—Other Announcements.

Grace church was filled to overflowing Sunday night for the union evangelistic service. The music, conducted by Fred Fisher, was inspiring indeed and the sermon by Dr. Hanley, whose theme was "Pilate Before Christ," was regarded as the most appealing that he has yet delivered. The deep interest of the great audience was manifest thruout. Sunday afternoon at Grace church a meeting intended especially for church members was held. The theme of Evangelist Hanley was "Stale Saints." The music at this service was also inspiring. Dr. Hanley sought to emphasize the need for activity among church members and also to bring to special notice the fact that a very large percent of people who become Christians do so in their younger years. In this way he brought out the thought that to make a revival service a success the interest of the young must be secured. The sermon was enlivened with apt illustrations and while the suggestions to church members were pointed, the church people were not "chastised" as sharply as the rule with some evangelists. The kindly and broad-minded spirit of Dr. Hanley is made manifest in all of his sermons, whether addressed to those in the church or to those outside.

At the Sunday night service, Dr. Landis offered prayer, the scripture was read by Rev. W. R. Leslie and the benediction was pronounced by Rev. J. O. Kirkpatrick. Only a few paragraphs from the sermon are presented.

He began his sermon by describing the artist's masterpiece of Pilate facing Christ. With vivid word pictures the speaker depicted the scene and the character connected with it. He seemed to transport the audience back to the governor's throne room in Jerusalem as he shouted "O Pilate, what a chance is yours! All civilization awaits your answer! O Pilate, what will you do with this man before you? He answers 'I have another prisoner in jail. You can have Barabbas or Christ.'"

But the scene changes. "Now it is 'Pilate before Christ.' 'We must all stand before the judgment seat of Christ.'"

How do you explain Pilate's cowardly deed? He was the product of his inheritance and his environment. Pilate never learned to obey! Our nation's weak spot is our lack of discipline in obedience. Pilate was selfish.

Here the preacher pointed out how God defeats the purposes of selfish men. He banished the gigantic military despot Napoleon to St. Helena. Eventually the kaiser will be crushed and vanquished. (Applause.) "A man always falls in his weakest spot. Pilate's weakest spot was selfishness."

"I wish we had some United States senators who love their country more than they love themselves." (Applause.)

At both afternoon and evening services Lloyd Coons of Rantoul and Earl Voyles were at the pianos and added very largely to both the musical and religious interest of the services.

Announcements
Special interest attaches to the patriotic service to be held tonight. Members of the G. A. R., W. R. C., D. A. B. and Boy Scouts will have seats reserved for them. Everybody is expected to bring a flag and certainly patriotism will be turned loose. The evangelist has touched upon a popular chord in arranging for this service. He has explained the arrangement by the statement, "How can anybody be religious and not be patriotic?"

This afternoon at 3 o'clock at the home of Rev. R. B. Wilson, Dr. Hanley will give a travelogue on "The Woman Next Door." This address will be based upon his recent travels in the West Indies and South America.

Thursday night the business men's luncheon will take place at the I. O. O. F. hall on East State street, when the Rebekahs will serve. Dr. Hanley will deliver his lecture "The Soul of Business." This address has been received with great enthusiasm during numerous chautauqua engagements.

RETURN FROM VACATION
Mr. and Mrs. W. D. Cody returned last night from Excelsior Springs, Mo., where Mr. Cody went for his annual vacation. They were gone ten days and are enthusiastic over the springs as a place for recreation.

REVIVALS CLOSE AT PROVIDENCE

A three weeks revival service at Providence M. E. church was closed Sunday evening at Providence is in charge of the Rev. W. E. Keenan of the Franklin circuit and the preaching during the revival was by the Rev. W. H. M. Ellis of Chesterfield.

Mr. Ellis proved a forceful and pleasing speaker and the services were pronounced the best that had been held at Providence in the last 25 years. The entire community was stirred and filled with the power and spirit of the revival. There were 15 conversions, 14 accessions to the church and more to follow. Rev. Mr. Keenan is greatly pleased with the success of the meetings.

WILL ATTEND CONFERENCE IN INTEREST OF WAR WORK.

Mayor H. J. Rodgers, President C. H. Rammelkamp of Illinois College and J. S. Findley, secretary of the Y. M. C. A. left for Chicago last night to attend a conference of state representatives of the various Y. M. C. A. districts of the state in the interest of the Y. M. C. A. war fund.

The sessions will be held in Hotel LaSalle and will begin at 9 o'clock. Illinois has been allotted \$3,000,000 as her share to raise for the fund. The conference today will be to formulate plans for the raising of this sum.

At the dinner to be served at the LaSalle, the principal speaker will be Sherwood Eddy, who has been prominently identified with the Y. M. C. A. work. Mr. Eddy has been on all of the battle fronts during the present world war and is in position to speak with authority of the needs of the Y. M. C. A. in carrying on its war program.

GIRLS! GIRLS! TRY IT!
STOP DANDRUFF AND
BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine" hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Danderine from any druggist or toilet counter for a few cents.—Adv.

With the Fingers!
Says Corns Lift Out
Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.—Adv.

of the county, which was somewhat gloomy as to weather conditions, the sky being overcast with clouds, the country, even without sunshine, the aid of which always enhances any picture or view, presented a most prosperous and flourishing condition.

A large per cent of the agriculturists of this section enjoy the benefits derived from the use of the silo. On many of the farms, the land is somewhat broken, and the occupants profitably combine some stock raising with their grain operations. To utilize the broken land, these men realize the importance of the silo and are using it to good advantage. A great many in the vicinity passed their time in the vicinity of some extent and they too stand in need of the feed which ensilage affords. The roads in this section of the community are kept at a high state of efficiency. All the highways passed over Sunday were well kept up, the bridges and culverts being in good repair.

Along one highway the corn stalks reached above the roadside telephone wires in height, although we will confess that the poles along this particular stretch weren't quite as tall as is usual, but they were not what one would term short at that. Just north of Sinclair one is moved to comment as the beautiful church building there is passed. This edifice is one of the prettiest little churches of the smaller communities which it has been our good fortune to see. The people of Sinclair are to be con-

cial support. "Let the result be so impressive and emphatic," the president urges, "that it will echo thru the empire of our enemy as an index of what America intends to do to bring this war to a victorious conclusion."

The bankers of Morgan county have patriotically anticipated the action of Oct. 24 and the Oct. 24.

At a meeting Mr. passes what was known as a Chamberlain farm, now the home of Mr. Larry an, and which is probably the highest priced farm in this section, being purchased by Mr. Flynn some years ago for \$275 per acre, and continues north along the highway known as the "Sinclair road," one is forced to look back a few years, a brief span, and count the many things, the many inventions, which have all but revolutionized life on the farm. Few farmers today are content to live their lives as did their fathers. And those who are content so to do, are rightly accounted among the back numbers, the non-progressives of their community. Farm implements, the tractor, corn harvesting machines, the wonderful binder, the latest model threshing outfits, milking machines for the man of extensive dairy interests, the automobile, the telephone, the rural free delivery, the parcel post, the motor truck, and many other articles, as the sale bills say, too numerous to mention, have made the life in the rural home the easier, less isolated, and better in every way which is as it should be. Many homes have their own electric or acetylene lighting plants, water piped into the house and out to the barns and various watering troughs. Washing machines, cream separators, patent churns, etc., aid in making the work of the rural housewife the less arduous.

In driving thru this prosperous section of the country one cannot help reflecting on these things and coming back from the journey with new inspirations and a firmer belief in the Great Creator who doeth all things well.

MORGAN COUNTY MAN WRITES FROM FRANCE

Leo F. Suiter Tells of Experiences with U. S. Expeditionary Forces—Well Satisfied with Work.

The following letters have been received by Mrs. Charlotte E. Suiter of this city from her son, Leo F. Suiter, who is with the American Expeditionary Forces in France. The young man is serving with the 29th aero squadron and speaks enthusiastically of the work. He says the only drawback they have found is their inability to understand the French language, but that by the use of signs they are able to make themselves fairly well understood. The letters follow:

"France, Sept. 24, 1917.
"Dear Parents:
"Well I don't know of very much to say only that I am getting along fine.
"I got some Journals from Ralph I. Dunlap yesterday. They were dated Aug. 2, but believe me I was glad to get them although they were old ones.
"We got quite a few western papers sent by some society the other day so you see we can keep track of the news pretty well, only we do not get much local news. Be sure and tell me all that is going on around there when you write next time.

"Walter is cooking now, and I am back to my old trade so you see I am pretty well contented. I hope to stay at it the rest of my time.
"How is papa getting along? I guess he is pretty busy in the country now.
"Tell me whether anybody around Merrigan's or Gay's were drafted.
"We are going to have moving pictures in camp at the Y. M. C. A. I suppose we will have them almost every evening when they get started. They will be the first I have seen since I came across.

"Say, if you are taking any pictures around there be sure and send some. Well I don't know of anything more to say, so will close.
"Your son,
"Private Leo Suiter,
"29th Prov. Aero Squadron,
"A. E. F., France.
"P. S.: Tell everybody to write and I will try and answer."

"France, Sept. 9, 1917.
"Dear Parents:
"Well here I am safe and sound. I am trying to write you at least once a week which I have managed to do so far. I haven't received any mail direct from home since I have been over here, but I think that is on account of the long distance it has to come.

"Walter and I are still together, and so far we have managed to have a fairly good time, the only drawback we have is the language and at that we pick up a few words at a time, but the way it is with us now we have to talk to them with our hands and signs.
"I am well and am taking a great interest in my work which I like fine. I hope this letter finds you and papa well. Tell papa I think of him every time a Ford goes by. There are quite a few of them over here.
"We have been having a great time wading around in the mud up to our ankles. You should see us going through this mud with our meals.
"We throw a board down in the mud and sit on it and eat our meals. Now you believe me, we are sure going through some experiences over here, will be a young story book when I get back.
"I am back to my old trade and it sure makes it fine. Doesn't seem like I was out of the old U. S.
"Time flies by quickly for me. I was going to try and write in the middle of the week but Sunday got here before I knew it.
"I will close for this time hoping you folks are all well and making it all right.
"Your son,
"Leo E. Suiter,
"American Expeditionary Force,
"29th Aero Squadron, France."

J. J. McAlister Surprised on Birthday.

Sunday was the fifty second birthday of J. J. McAlister of Woodson and a pleasant family gathering was held Saturday evening in honor of the event. Mrs. James Robson and Mrs. Percy Sooy, daughters of Mr. McAlister, together with their families, went unannounced to the McAlister home, taking with them a generous supply of good things to eat. A large birthday cake occupied the center of the board, this contribution being made by Mrs. Jack Robson. The evening was spent in a happy manner with music and various diversions. The company included Mr. and Mrs. Percy Sooy and daughters, Misses Myrtle and Bernice, sons Carl and Harold; Mr. and Mrs. James Robson, daughters Helen and Hazel and son Howard.

Monday Conversation Club. The Monday Conversation club met Monday afternoon with Mrs. F. H. Rowe of 1152 West State street. There was a good attendance of members. Mrs. Otto Buffe was the leader of the afternoon and was assisted by Miss Jeanette Powell and Mrs. F. H. Bode. Her subject was "Single Tax." The subject was presented in an interesting manner and was followed by a general discussion. Many of the members had their knitting and spent the afternoon playing the needles while listening to the program.

College Hill Club Met With Mrs. Putnam.

Mrs. Putnam entertained College Hill club at her home 218 Sandusky street Monday afternoon. There was a good attendance of members. The club is devoting the year to the study of Alaska and Mrs. Truman P. Carter had charge of the program. Her subject was "Original Inhabitants, Folk Lore, Totem Lore and Basketry." She gave a splendid paper which showed careful preparation. A number of beautiful baskets and some interesting relics were shown and Mrs. Carter gave some first hand information about the country which proved of great interest. The next meeting will be held Oct. 29 when Mrs. Kuechler will present the paper.

Wedding Anniversary Observed.

The twentieth wedding anniversary of Mr. and Mrs. Harry Stevenson was happily observed at their home near Little Indian, Oct. 12. They are just occupying a new bungalow and the anniversary served as something of a housewarming. Forty-five relatives helped celebrate the occasion which was thoroughly enjoyed. Mr. and Mrs. Stevenson were their wedding garments of twenty years before and there were several other details which served to bring the earlier date prominently to mind. Mr. and Mrs. Stevenson, who are well known residents of both Morgan and Cass counties, have a very large circle of friends and relatives to join in good wishes for the coming years. Mrs. Stevenson's name before her marriage was Miss Jeanette Leak. Mr. and Mrs. Stevenson have one son and their married life all thru the years has been especially happy. They received a large number of handsome gifts in evidence of the esteem of their friends. The company included Mr. Stevenson's parents, Mr. and Mrs. R. R. Stevenson of this city, Dr. and Mrs. Griggs, L. B. Turner and family, Mr. and Mrs. F. E. McDougall and son and a number of other Jacksonville people.

LIST OF MORGAN COUNTY PHYSICIANS COMPILED

Dr. T. O. Hardesty has compiled a list of the physicians of Morgan county and has forwarded the same to the Illinois Division of the National Association of Physicians and Surgeons. The list was made in response to a request from the Illinois Division and Morgan county is one of the first counties to send in a list.

Dr. Hardesty spent a week in compiling the list which goes exhaustively into the records of the individual physicians and their availability for service. Among other things asked in the list of questions, is age, residence, color, family with ages of boys and girls and the number of dependents. It also asks of any state, county or municipal offices held by the physician and his hospital affiliations, if any. Date of graduation, specialty, if any, and whether or not he could be spared from the community for war service.

Dr. Hardesty found 65 physicians in the county outside of those at Jacksonville State hospital. The list also shows that Morgan county has a number of physicians who have been practicing for many years. Among them are Dr. Pitner and Dr. Wakely. Both of these men have been practicing for half a century and are still actively engaged. The oldest practitioner is Dr. Bartlett who was a surgeon during the civil war. He has not actively engaged in practice for a number of years.

There is nothing compulsory about this registration—for it really is registration—it is being made thruout the entire United States so that the government in time of need will know just where to look for physicians.

MISSION STUDY CIRCLE. The Mission Study Circle of the Congregational church will meet this evening at the home of P. T. Irving, 1047 Grove street. The circle is beginning the study of a new book: "The Lure of Africa" which promises to be very interesting.

WAVELY WOMAN DIES FROM GUNSHOT WOUND

Mrs. Everett Goacher Received Injury Sunday Morning Which Later Resulted in Death—Inquest Held.

Mrs. Everett Goacher, residing in the vicinity of Waverly died at Passavant hospital Sunday afternoon as the result of wounds received Sunday morning thru the accidental discharge of a shotgun.

Earlier in the day her husband had gone, with his shotgun hunting and had brought home a squirrel, which he began skinning. His wife and only child, a little four year old boy, came out where he was, the wife sitting directly in front of the shotgun he had placed on a log without drawing the shells. In some unaccountable manner the little boy began playing with the gun and touched the trigger discharging the gun, the load entering the mother's back and coming out thru the abdomen.

Her husband heard the report and the scream of his wife and hastily summoned Dr. Elder of Franklin. That gentleman did all that human skill could suggest and had the unfortunate woman brought to Passavant hospital where she died during the afternoon.

Coroner Rose was summoned and impaneled a jury and after hearing the evidence of Mr. Goacher, the only witness to the dreadful tragedy, a verdict of death was entered in accordance with the facts stated and no blame was attached to any one.

Mrs. Goacher was formerly Miss Elsie May Miner, daughter of Thomas Miner and was an estimable lady. Her marriage to Mr. Goacher took place a few years since.

A number of Morgan county men will go to Decatur tomorrow as delegates to the annual convention of the Illinois Anti-Horse Thief association. John W. Clary of this city is president of the state organization and John K. Long is the secretary of the Jacksonville sub-order. According to the report of the latter, covering the year ending Sept. 30, the local branch now has a membership of 415 and is the largest sub-order in the state. The report shows that there were 67 persons proposed for membership, of which number 55 were initiated, and three members have died during the year.

Also no thefts of horses were reported the local organization has not been idle during the past year, for other property reported stolen amounted to \$330 and \$210 worth of this was recovered as a result of the association's activities. A member of the organization was given a worthless check for \$300 and this amount was made good by the association. Thru the same agency two

thieves were landed in the county jail.

DR. HILL ARRESTS

CRAP SHOOTERS.
Dr. E. L. Hill with the assistance of a number of employees rounded up a bunch of boys Sunday who were engaged in shooting craps on the Jacksonville State hospital grounds. Dr. Hill notified the police and the boys were taken to the police station and later he swore out state warrants against them. They were arraigned before Justice Dyer Monday and each was fined \$10 on the charge of disorderly conduct. At the request of Dr. Hill who does not desire to work any hardship on anyone, but wants the boys to keep off the hospital grounds, the fines were held in abeyance subject to future behavior.

Sunday morning about 3 o'clock the police force raided a crap game and captured 14 players. They were before Justice Dyer Monday and were fined \$3 and costs on the charge of disorderly conduct, all of the dice and money being gotten out of sight before the police could get in the building.

FORMER POSTMASTER GENERAL PASSES AWAY

DON M. DICKINSON DIES AT TRENTON HOME.

Was Member of President Cleveland's Cabinet—Was a Member of Various Political and Civic Organizations Favoring Reforms.

Detroit, Oct. 15.—Don M. Dickinson, postmaster-general under President Cleveland, died at his home in Trenton, a suburb, today.

Donald McDonald Dickinson, statesman, lawyer and politician, was born on January 17, 1846, at Port Ontario, Oswego County, New York, the son of Col. Asa C. and Minerva H. Dickinson. His ancestors were among the early settlers of Massachusetts and his father and his grandfather were natives of that State. The first of the family who came to America was John Dickinson, a member of the Continental Congress of 1774, president of the executive council and one of the founders of Dickinson College, Carlisle, Pa., to whom Jonathan Dickinson, chief justice of the province of Pennsylvania in 1719, was also related in the direct line. The father of Mr. Dickinson in 1820 explored shores of the lakes Erie, Huron and Michigan in a birchbark canoe, and in 1848 removed to Michigan, settling in St. Clair County. There young Dickinson received his early education.

Having passed thru the schools of his district and those of Detroit also he took one year's instruction with a private teacher before he entered the law department of the University of Michigan. He graduated with degree of LL. B. in 1867, before he had reached his majority. The interval prior to his admission to the bar young Dickinson devoted to studying the management of cases and the practical application of the philosophy and logic of law.

After having been admitted to the bar Don M. Dickinson entered upon a successful and lucrative career, being concerned in all of the leading cases under the bankruptcy act of that year. In October, 1887 he was also, in association with Senator Edmunds, counsel for Draybaugh in the great Telephone case. From 1875 to 1880 he was associated with Levi T. Griffin, in the firm of Griffin and Dickinson, and from 1880 to 1883 in that of Griffin, Dickinson, Thurber & Hosmer.

He entered the political life in 1872 and 1876, as chairman of the State Democratic Central Committee conducted the Tilden campaign, being brought into close relations with that statesman which continued until the death of the latter. As member of the national Democratic committee in 1884-85 Mr. Dickinson won Michigan for the gold wing of the Democratic party. He enjoyed the full confidence and esteem of President Cleveland who, in 1888 called Mr. Dickinson to a seat in the Cabinet as Postmaster General.

After his retirement from public office Mr. Dickinson resumed the practice of law in Detroit in 1889, in the firm of Dickinson, Thurber & Stevenson. He continued, however, to take an active part in politics and in 1892 was chairman of the Democratic national campaign committee. In the following year he was again offered a position in the Cabinet but declined the honor, to devote himself more fully to his steadily growing practice.

He was senior counsel of the United States before the International High Commission on the Beijing Sea claims under the Fur Seal Arbitration during the years 1896 and 1897 and also was a member of the Court of Arbitration to adjust the controversy between the United States and the Republic of Salvador, in 1902.

About five years ago his health broke down and his condition made it necessary for him to spend several months at a rest cure sanitarium. At that time it was rumored that his mind had become affected and the heirs of a large estate of which he was trustee, sought to have him deposed. After his release from the sanitarium Mr. Dickinson appeared in court and defended himself successfully against the claim of his incompetency. His physical condition however remained considerably weakened and during the last few years of his life Mr. Dickinson lived practically in retirement, devoting himself to study and literary work.

All his life Mr. Dickinson took great interest in all matters relating to education and he became a member of many important educational organizations in his own State and in other states. He was a profound student of law and particularly strong in the philosophy of the law and was considered one of the greatest authorities on that subject in the United States. The study of history strongly appealed to him and he was connected with many historical societies throughout the country, taking active part in the work of research. He was also a member of various political and civic organizations favoring reforms.

Mr. Dickinson was a man of quiet and domestic habits. In 1869, at the age of only twenty-three years, he married Frances L. Platt, daughter of Dr. Alonzo Platt, of Michigan, who survives him.

PATRIOTIC SERVICES AT GRACE CHURCH TONIGHT

Special attention is called to the patriotic services to be conducted at Grace M. E. church this evening. Dr. Hanley will surely have something to say which will be well worth hearing and he should have a full house. A special invitation has been

sent Matt Starr Post and it was accepted in the same spirit in which it was sent but unfortunately many who would have been glad to be present tonight have gone to Vicksburg so there will not be a very large showing of the civil war veterans. The ladies of the Woman's Relief Corps and the Boy Scouts are also

invited and it is hoped there will be a generous response to the general invitation to the public.

Henry Reeve, son of Mr. and Mrs. Henry Reeve of Los Angeles, Cal., formerly of this city is called for war training at Camp Lewis, American Lake, Washington.

Overworked Women must learn not to neglect their health

How Women are Restored to Health

Spartanburg, S. C.—"For nine years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong so I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use."—Mrs. S. D. McABER, 122 Dewey Ave., Spartanburg, S. C.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. Jos. O'BRYEN, 1755 Newport Ave., Chicago, Ill.

worked his rival for a pass and with
two on John Collins closed the run
getting by hitting to Fletcher who
tossed him out at first.

The Giants, awake to the possibil-
ity of losing the game and the cham-
pionship charged the Chicagoans in
the succeeding session but their best
effort fell one run short of the Sox
trio.

After Holke fanned, Rariden was
passed to first by Faber, and Wil-
hoit, batting for Benton, also received
free passage to Gandil's post.
With two on bases and one out an
uproar came from thousands of
throats and cowbells, automobile
bells, and siren whistles swelled the
thundering chorus. The White Sox
kept their heads even in the tumult
and Burns forced Wilhoit at second.
Weaver to Collins. Captain Herzog
then came thru with a drive past J.
Collins to right field wall scoring
Rariden and Burns. With the tying
run on third the din again was
deafening for Benny Kauff was seen
striding to the plate with three bats.
He failed to meet the emergency,
however, his effort being a high foul
which Gandil gathered in leaving
Herzog stranded.

Thus finished the Giants' offensive
but Chicago added a final run in the
ninth as a margin of safety should
the home club start a belated rally.
Weaver opened with a single to
left, took second on Faber's sacrifice
and scored on Leibold's single to
center.

The pitchers analysis shows that
Faber in a total of 112 deliveries
served 24 strikes, 40 balls and 12
foul strikes. There were six fouls,
24 field outs, one hit batter, and six
hits also registered off Faber, the
six hits netting nine bases. Benton
and Perritt between them threw up
126 balls of which 35 were strikes,
45 balls, 15 foul strikes, five fouls,
19 field putouts, and seven hits for
a total of seven bases. Each team
had seven runners left on the bases.
Faber had four strikeouts, Benton
and Perritt each three.

According to the plans of the na-
tional commission the teams will
play an exhibition game at Garden
City, N. Y., tomorrow for the plea-
sure of thousands of soldiers and of-
ficers now training at various camps
on the island. After this match the
two clubs will disband. This will be
in accordance with a resolution pass-
ed by the commission which ruled
that it would withhold the sum of
\$1,000 from the world series prize
money of each player until January
1st. If on that date, the players have
not participated in any exhibition
play, they will receive the withheld
amount with interest at the rate of
six per cent.

PLAY BY INNINGS.

First Inning.
First half—John Collins up. Judge
Hyman, Democratic candidate for
mayor threw out the ball. Fletcher
came in behind Benton and took
Collins' hopper and threw him out.
McMullin sent up a weak foul to
Rariden. Eddie Collins up. The
stands booed Eddie Collins to the
echo. Collins singled sharply over
second. Jackson up. Herzog took
Jackson's slow roller and tossed him
out. No runs; one hit; no errors.
Second half—Eddie Collins threw
out Burns at first. Burns hitting the
first ball pitched. Herzog up. Her-
zog shot a single over McMullin's
head, the stands breaking into a
cheer. Kauff struck out. Faber's
wide curves being too much for him.
Zimmerman sent a long drive into
Jackson's hands. No runs; one hit;
no errors.

Second Inning.
First half—Felsch up. Felsch
struckout falling to offer at the third
strike. Gandil punched a single over
the middle bag. Herzog threw out

ing a nice play on the Chicago catch-
er's grounder. No runs; one hit; no
errors.

Third Inning.
First half—Schalk ran down the
line and took Fletcher's roller and
threw him out. Eddie Collins took
Robertson's smash and got his man
at first. Holke got a double against
the left field fence. A little higher
it would have gone into the stands
for a home run. Eddie Collins threw
out Rariden, who hit the first ball
pitched. No runs; one hit; no errors.

Third Inning.

First half—Faber struckout. John
Collins popped to Herzog. McMullin
fanned. It was Benton's third strike-
out and the crowd cheered him. No
runs; no hits; no errors.

Second half—Faber burned an out
curve over for the third strike and
Benton sat down. Burns sent a hot
liner to Felsch. Herzog sent a high
fly out to Felsch. No runs; no hits;
no errors.

Fourth Inning.

First half—Zimmerman took Col-
lins' grounder and threw wildly to
the stands, Collins going to second.
Jackson sent up a high fly to Rob-
ertson who dropped the ball. Eddie
Collins dashed to third Jackson hold-
ing first when Robertson threw to
third. The New York infield came
in on the grass. Benton took Felsch's
grounder and ran over to tag Collins.
Benton tossed to Zimmerman who
ran after Collins and chased the Sox
second baseman across the plate for
a run. Gandil up. Jackson and
Felsch scored on Gandil's single to
right. Gandil was thrown out stretch-
ing his hit. Robertson to Herzog.
Weaver sent a long fly to Burns.
Schalk shot a hot single into center.
Red Faber walked. Fletcher threw
out John Collins. Three runs; two
hits; two errors.

Second half—Eddie Collins took
Kauff's roller and threw him out.
Zimmerman sent a high fly to John
Collins. Fletcher got a hit off Mc-
Mullin's glove. The ball bounced to
Weaver who nearly threw the New
York shortstop out by a line shot
throw. Robertson flied to Felsch.
No runs; one hit; no errors.

Fifth Inning.

First half—McMullin up. Benny
Kauff robbed McMullin of a hit com-
ing in fast and getting his line drive.
Burns took Collins' easy fly. Jack-
son struck at the ball so hard that
he fell down and the crowd jeered
him. Herzog threw out Jackson. No
runs; no hits; no errors.

Second half—Holke struckout on
three pitched balls. Rariden walk-
ed, making Faber pitch to him. Wil-
hoit batted for Benton. Wilhoit
walked, Faber becoming unsteady.
Burns forced Wilhoit, Weaver to Ed-
die Collins. Rariden going to third.
Rariden and Burns scored on Her-
zog's third base hit off the right field
wall. The fans were in a frenzy.
Kauff fouled out to Gandil. Two
runs; one hit; no errors.

Sixth Inning.

First half—Perritt went into the
box for New York. Felsch walked.
Perritt lost his man trying to work
the corners of the plate. Felsch went
out stealing. Rariden to Fletcher.
Gandil struckout on three pitched
balls. Weaver up. Herzog threw
out Weaver. No runs; no hits; no
errors.

Second half—Eddie Collins took
Zimmerman's smash and threw him
out. Fletcher sent up a high foul to
Gandil. Robertson sent a single in-
to right field. Eddie Collins threw
out Holke at first. No runs; one
hit; no errors.

Seventh Inning.

First half—Schalk worked Perritt
for a base on balls. Faber struck-
out. Leibold batted for John Col-
lins. Leibold up. Leibold popped
to Herzog, who dropped the ball and
then ran over to first touching both
Schalk who was standing on the bag
and the bag as well. Leibold was
declared out and Schalk was ruled
as being safe. McMullin struckout.
No runs; no hits; no errors.

Second half—The official scorer
scores the play on Leibold as an as-
sist for Herzog and a putout for
Holke. Leibold went into right field
in place of John Collins. Rariden
went out to vandil unassisted. Per-
ritt got a line single over second.
Burns lofted to Weaver. On a short
passed ball Perritt dashed to sec-
ond, and then ran to third when
Schalk's throw got away from Ed-
die Collins. Herzog popped to Weaver.
No runs; one hit; one error.

Eighth Inning.

First half—Eddie Collins up. Col-
lins went out to Holke unassisted.
Jackson sent a hit into right field
for a base. Felsch fouled out to
Holke. Kauff made a corking catch
on Gandil's long fly. No runs; one
hit; no errors.

Second half—Kauff flied out to
Leibold. Weaver threw out Zimmer-
man, robbing him of a hit. McMullin
threw out Fletcher. No runs; no
hits; no errors.

Ninth Inning.

First half—Weaver got a single
to the left field. Schalk fouled to
Zimmerman. On the hit and run play
Faber bunted, Weaver going to sec-
ond. Faber's bunt was a sacrifice
and he was thrown out. Perritt to
Holke. Weaver scored when Kauff
dropped Leibold's line drive close to
the ground. The official scorer gives
Leibold a hit. Leibold went to sec-
ond on Kauff's throw to the plate.
Zimmerman threw out McMullin. The
official scorer gave Kauff an error on
his throw to the plate. One run; two
hits; one error.

Second half—Robertson claimed
the ball struck his hand and Um-
pire Klem allowed it. Collins threw
out Holke at first. Robertson going
to second. Rariden fanned. Mc-
Carthy batted for Perritt. Collins
tossed out McCarthy. No runs; no
hits; no errors.

Insulation

Every part of your electrical system must be made leak proof
by insulation.

Inside your battery is the most important insulation of all—
that which separates the positive from the negative plates, for
this prevents the battery from "short circuiting," and thus put-
ting the whole system out of commission.

In the Still Better Willard, the insulation is made of durable,
acid-resisting rubber.

Thus Willard Threaded Rubber Insulation means a better in-
sulated battery, a more durable, more efficient battery.

Ask us about the remarkable service achievement of Still Better
Willards on 35,000 cars.

A Reminiscence of Days Gone By—1868-1869

Municipal

(Continued from Sunday)

(Compiled by Capt. F. C. Taylor)

Building Improvements.

During the years of the Civil War '61-5 and for the first several years subsequent, there was little done in the way of building in Jacksonville, but in 1868 things in almost all lines of business were becoming normal, and improvements were quite noticeable. The erection of a new court house was one of the largest undertakings and the present stone building was the result of that effort. The building of the present Gallaher block followed, and other building activities progressed in various parts of the city. The Post office at that time was the brick building across the alley immediately north of the present Degeen building on South Main street and the late Capt. Horace Chapin was postmaster.

Newspapers.

The Jacksonville Journal office was located in rooms in a brick building on North Main street, just north of the building now occupied by the Knoles clothing store. The proprietor and publisher was Col. George P. Smith and the paper was issued daily and weekly, and in politics was Republican.

The Sentinel had its office over the present Allcott drug store at the northeast corner of the square. The proprietor and editor was James R. Bailey and the paper was issued weekly only. It was Democratic in politics.

The Protestant Missionary was located in upper rooms on South Main street near the southeast corner of the square. The proprietor and editor was Rev. J. G. White. It was issued monthly. Its pages were devoted to religious and missionary work.

Banks.

In December, 1852, a bank was opened for business in a room in a frame building which stood a few feet west of where the Ayers National Bank is now situated. Shortly after the opening of the bank Joel Catlin, a well known business man became a partner with Mr. Ayers. After remaining a few years Mr. Catlin withdrew from the bank and engaged in other business. He was succeeded by Wm. H. Campbell and the business was carried on in the name of Ayers Campbell & Co. Mr. Campbell died in 1858. At about this time Mr. Augustus E. Ayers became interested in the business and was admitted to the firm. In 1864 Wm. S. Hook became a member of

the firm and the style of the firm name was M. P. Ayers & Co. The room on West State street was given up for commodious quarters and the rooms adjoining the drug and hardware store of Carter, Beesley & Co. on the northwest corner of West State and the square were secured and for many years sheltered the well known banking business of M. P. Ayers & Co.

The banking firm of W. and E. W. Brown first occupied the brick building on the south side of East State immediately east of the brick store room at the intersection of East State and the public square. Later on it was moved into the building on the northeast corner of East State street and the square. Still later the bank was moved to rooms in north part of the Western Hotel on the corner of West State street and the square. Soon after this location had been obtained a re-organization of the bank's officers was accomplished with the following result: William Brown, president; Henry C. Wiswell, vice president; Lyman L. Adams, cashier; Wm. E. Veitch, teller.

The First National Bank occupied rooms in the building on the north side of the square, second door east from North Main street. The bank was opened for business in 1864 and at first it was managed by George and Hiram Wilson, brothers, who came from their home in Geneseo, Henry county, this state to reside and F. G. Farrell. In August, 1864 at a meeting of the directors the following were elected officers: Stephen Dunlap, president; John T. Cassell, vice president; Hiram Wilson, cashier; Felix G. Farrell, teller; Edward R. Elliott, assistant teller.

The Banking firm of Hockenbuhl, King & Elliott was organized in 1866 and their place of business was on the east side of the square between East State and East Court streets, where it since continued in business.

EVANGELISTIC SERIES
AT CONCORD CLOSES

Large Audience Heard Rev. Cantrell at Final Service of Christian Church Revival Sunday Evening—Other Concord Notes.

Concord, Illinois, Oct. 15. — Rev. and Mrs. George Ingals, Foss Willey and Miss Nellie M. Willey of Versailles, came by auto and visited Mr. and Mrs. E. F. Plank on Sunday. Those from Concord who took dinner there were: P. R. and J. M. Leonard, Mr. and Mrs. G. F. Lewis and Mrs. Sallie Blimling.

Mrs. Anna Robinson and son Floyd returned Monday from a visit with Mr. and Mrs. George Robinson at Petersburg.

Mrs. Thomas Bowe of Pittsfield and Fred Parks of Cooperstown, were visitors last week at the home of T. N. Bowe, near Baker school.

Bert Clark and John Becker of Bement, came to Concord Sunday in their Elgin six and visited at the home of Mr. and Mrs. S. M. Smith in Concord.

Mr. and Mrs. Sam Brockhouse spent Sunday at the home of their son Elmer, east of Hopewell.

The series of meetings at the Christian church came to a close on Sunday night. Minister C. G. Cantrell was greeted with the largest audience of the series, the main Sunday school room being used to accommodate the crowd. The attention was marked, and the minister had for his theme, "The Value of the Soul." The topic was one which the speaker had studied carefully for some time, and his discourse was even better than any previous sermon of the two weeks' series, and they were all good. There were five additional. Baptismal service was postponed until Monday night.

John C. Eskew was in Jacksonville on Monday forenoon on business. He will hold a public sale of personal property on October 24th, beginning at 1 o'clock.

Mr. and Mrs. Edgar Cooper and son of Jacksonville were Sunday visitors here.

Mr. and Mrs. Jacob Hoover of Chapin were Sunday visitors with L. P. Bayless, and attended the meeting.

Rev. Mr. Symonds of the M. E. church is holding a meeting at Greenville where he preaches part time.

A splendid course has been secured for Concord to begin next month. The three pastors of Concord are promoting it and further mention will

be made in our notes later. J. E. Whorton is making preparations to build a new house on the northeast part of his farm. Sam Brockhouse will move there when the house is completed.

A. J. Wheeler is hauling material for a new barn to be built on the farm purchased of J. E. Whorton.

A. C. Valentine went to Keokuk Monday.

GO TO SPRINGFIELD TODAY.

Harold McGinnis, Donald Joy and John Corrington will go to Springfield today for final examination for admission in the Aviation Signal corps. They will then go to Jefferson Barracks and probably from there will be assigned to duty at Camp Kelly, Texas. McGinnis enters the service as stenographer and Joy and Corrington as motor drivers.

Girls! Use Lemons! Make a Bleaching, Beautifying Cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smootheners and beautifier.

Just try it! Make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen, and bring out the hidden roses and beauty of any skin. It is wonderful for rough, red hands.

Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons.—Adv.

There is no worse folly nor one more certain of distressing consequence than to neglect a cold. It leaves "a cough that hangs on," it threatens you with a most serious condition.

Foley's Honey and Tar

gives the curative influence of the pine balsam, together with the mollifying effect of the honey and other healing ingredients. It stops the cough, eases the sore feeling in the chest, and raises phlegm easily. It imparts a pleasant feeling of warmth and comfort.

J. D. Esterlin, Winston, Ga., writes:—"Foley's Honey and Tar took all the soreness away and cleared my lungs of all congestion."

Black Silk Stove Polish

is not only most economical, but it gives a brilliant, silky lustre that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off—it lasts four times as long as ordinary polish—so it saves you time, money and money.

Don't forget—when you want stove polish, be sure to ask for Black Silk. It isn't the best stove polish you ever used—your dealer will send your money.

Black Silk Stove Polish Works, Sterling, Illinois.
The Black Silk Stove Polish is made from kieselguhr, soap, and ammonia. It is a fine, white, powdery substance. It is used by rubbing it on the stove with a soft cloth. It is used by rubbing it on the stove with a soft cloth.

Use the Black Silk Metal Polish for silverware, nickel, tinware or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.

NEED LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound infused with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

The End of Your Corns

Pain Stops at Once—Corns Lifts Off Clean.

There is nothing in the world like "Gets-It" for corns. Just apply it according to directions, the pain stops at once and then the corn lifts off as clean as a whistle. No fuss, no bother, no danger. "Gets-It" is safe. Millions have used it, more than all other corn remedies combined, and it never fails.

Don't Waste Time "Hollering." "Gets-It" Never Fails.

There is no need for you to go through another day of corn agony. But be sure you get "Gets-It." Accept nothing else, for remember, there is positively nothing else as good. "Gets-It" never irritates the live flesh, never makes the toe sore. You can go about as usual, with work or play, while "Gets-It" the magic, does all the work. Then the corn peels right off like a banana skin, and leaves the toe as smooth and corn-free as your palm. Never happened before, did it? Guess not. Get a bottle of "Gets-It" today from any drug store, you need pay no more than 25c, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Store, J. A. Obermeyer & Son, and Coover & Shreve.—Adv.

JOHN SLOAN WRITES FROM HOSPITAL IN FRANCE

Jacksonville Young Man Was With First of U. S. Forces Sent Across to Aid the Allies.

The following letter from John Sloan to his mother, Mrs. Terrance Sloan, of 999 East Lafayette avenue will prove of interest to his many friends here. Mr. Sloan was in the first of the United States forces to land in France and writes interestingly of army life. He is attached to Base Hospital No. 12 and was probably in close proximity to the hospital that was bombed by the Germans a few weeks ago. As Mr. Sloan says if he could only get by the censor he could furnish us with some red hot war news. That "if" looms big on the horizon, however, when one tries to get uncensored war news out of France. Mr. Sloan's letter follows:

"Base Hospital No. 12, U. S. A. Care General Hospital No. 18, B. E. F. France. September, 14, 1917.

"Dear Mother: "Your good letter of August 15th was handed to me shortly after I had cabled you last Thursday, and you can rest assured that I was glad to hear from you after such a long silence; letters are most welcome when one is so far away from home, in fact, the only thing worth while to the boys over here.

"If I could only devise some means by which I could smuggle the real red hot war news by the censor I could give your worthy editor some basis on which to work. It is, however, useless for us to make any attempt to tell of the happenings here; the rules of censorship, which by the way are very necessary, will not permit it.

"I hope you are all in the best of health and getting the best there is out of life. My good health seems to increase daily, likewise my avocations. I have gained seventeen pounds since joining the army, but it seems to be very evenly distributed as I fall to see just where it is located. I have the appetite of a cannibal, and I certainly put a big hole in this army food; I can eat anything that our "boy scout" chefs have the nerve to put on the table, and when they have cabbage for dessert, I shed tears of joy—three bales of it is a mere trifle to me.

"I rather looked forward to a letter from the kids in Detroit, but it looks as though I am going to be disappointed. Did they see James, and what did he have to say in regard to his application for enlistment?

"I'll tell you who I would like to hear from—old Bill Shields; when I think of him now, he compares very favorably with the best pals I have ever had, and Emmett Keating—perhaps you could get his address for me or have mine sent to him; if he is in these parts, I certainly would make every effort to see him. Speaking of addresses, I notice you had mine pretty much confused in your last letter, and I am at a loss to know, unless it is due to the fact that I am so well-known over here in Europe (just a little egotism, that's all), how it ever reached me. My address, until I notify you of a change, will always be Base Hospital No. 12, U. S. A., care General Hospital No. 18, B. E. F., France.

"Things are going along nicely with me as far as my work and surroundings are concerned, and the colonel seems quite appreciative in this regard, but I sometimes feel that I was just a little bit too hasty in joining the army as quickly as I did, when it was almost a certainty that, had I waited a month or so, I could have gone to the officers' training camp at Fort Sheridan, where in the course of about six months I would have become a commissioned officer. But, when the opportunity was offered me to be a member of the first American units to land in France and I had passed my examinations so successfully, the temptation was too much for me.

"As it stands now I am right in line for the highest office within the reach of a member of the Enlisted Reserve Corps. This all depends upon the success of the boys just ahead of me, who are preparing for commissions in other branches of the service. My ambitions right now are to get my stripes and a transfer to Paris, where there is a great need for men of my capacity with the American forces. When our first sergeant was there, the staff of the commander-in-chief, General Pershing, suggested that Stratton and I be sent to Paris, where our salary would be \$100.00 per month, food, quarters and traveling expenses, but so far Colonel Collins has not consented to let us go, having no one here to replace us. Our reinforcements will be here within the next week, and my only hope is that about half of the bunch are stenographers.

"The sportiest work and, to my mind, the most fascinating is the aerial service. Of course you are at present reading of a great many aviators being napped, but when the American aerial corps shall have completed its organization and training and begins operations, they will go over in such massive formations that it will be folly for the Huns to go up against them; it will, therefore, be a very simple matter for the boys to go over and bombard their objectives, and can you not imagine how gratifying it will be to the boys to see Berlin crumple beneath them as a result of their handiwork?

"Mother dear, when you hear me ramble on as in the last stanza (the big IF in life), you will understand that I am at a loss for more interesting things to tell you. The only thing worth while to me and my fondest hope is that you will be well and happy and there to welcome me when I return, which I hope will be very soon. Remember me to my friends when you see them, and with a heart full of love to you all.

"Affectionately,
"John."

WHEAT SOWING, YEAR OF 1875

(By S. M. Henderson)

I well remember what a time my father had to get his wheat sowed the fall of 1875. The recent cold snap makes us think of the old times. Father ran an old Sweepstakes threshing machine and was kept busy threshing in wheat sowing time. Our ground was broken in August and left untouched for lack of help. But when the old machine pulled in from the last job, father decided to sow, and chance it, if it was late. Our nearest neighbor was John Hoover, and his father "Uncle George Hoover," as he was called, had his eyes open, and told his two unmarried sons, Jake and George, Jr.: "Now boys, it is too bad for Marion to have to try to sow that wheat alone for he has accommodated all of us by threshing our grain when he should have been sowing. You take our teams and harrows, and John can take his drill, and they can run two drills and soon get that wheat in." Father was surprised of course, but how he did appreciate the kindness of the Hoovers. Well, the weather was all that could be desired, but the wind changed to the north and it began to spit snow. I think father and John Hoover were in their shirt sleeves or else had on old light coats. Anyway, after going a few rounds, one drill following the other, Mr. Hoover said: "Marion I thought I was as tough as you or any man, but I'll be darned if I can stand it longer without a coat."

Father told him to go to the house and get his old overcoat. He did so and was none too warm either. They finished sowing and the weather got warmer again. The wheat lived and made 25 bushels to the acre, to the surprise of the wise ones who declared it would kill out.

MISS MARY BROCK BREAKS HER SHOULDER

Early Saturday morning as Miss Mary Brock, residing on Woodland Place, was attempting to open a door she pushed against it and it suddenly flew open prostrating her and breaking her right shoulder. The wound was very painful but might have been worse. She was removed to Passavant hospital where she is doing as well as can be expected.

Clear complexion, bright eyes, and good digestion come from using Mi-na stomach tablets. Money back if they fail to give satisfaction. This is the way Coover & Shreve's drug store sells them.—Adv.

BREAKS A COLD IN FEW HOURS—TRY IT

First Dose of Pape's Cold Compound Relieves All Grippe Misery

Don't stay stuffed up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Adv.

QUALITY ALWAYS

It is true that with a great many lines of merchandise it is price that speaks the loudest, but this is not true of drugs. You can get drugs at most any price, but you cannot get high quality drugs. Thousands of different kinds of drugs come from foreign countries, where even the natives know to adulterate them. It takes wise drug buying to eliminate these adulterations, and buy judiciously.

When you make a purchase at our stores you get the advantage of our experience. You can be absolutely assured of the highest quality in every drug and chemical that is purchased from our stock.

MANCHESTER VETERAN WILL GO TO VICKSBURG

S. A. Jeffords Will Attend Celebration of Civil War Veterans—Clifford Harney Writes From France Other Manchester Items.

Manchester, Oct. 15.—S. A. Jeffords has left for Vicksburg, Miss., to be present at the celebration and gathering of Civil war veterans who fought under Gen. Grant in the siege of Vicksburg in 1863. This is a national celebration and will cover a period of four days. Mr. Jeffords was in the service during the four years of the civil war and fought with the Union forces under the leadership of General Grant in the famous siege of Vicksburg. The fact that he is able to be present at this gathering and meet again with old comrades of the war after a period of fifty four years means much of pleasure and satisfaction to him.

Mr. and Mrs. Charles Smith have received a letter from their nephew, Clifford Harney, telling of his safe arrival with American troops in France. Clifford is well and favorably known to Manchester people, having attended the public school here a few years ago.

A number of articles made by members of the Red Cross Society are being displayed in the store window of C. D. Chapman. The collection includes a knitted sweater, one pair of socks and two pairs of wristlets. These articles were made by members of the Manchester Red Cross society. Other garments are being made both in the knitting and sewing departments of the organization.

Dr. and Mrs. Curtman McMahon and little daughter, Hope, expect to leave soon for their new home in Riverton, where Dr. McMahon will assume the practice of one of the leading physicians who is leaving the community. Mr. and Mrs. E. D. Murray and family will remove from their country home to the property occupied by Dr. McMahon and family.

Mrs. Mary Wright of Murrayville spent Wednesday at the home of Mr. and Mrs. J. C. Andras, Jr.

Pearl Gidney of Jacksonville visited a few days this week with her mother, Mrs. Belle Gidney.

Miss Tossie Cochran was a Jacksonville visitor Thursday.

Miss Carrie Curtis of Jacksonville spent Saturday with her mother, Mrs. Ella Curtis.

Mrs. Penn Wright is ill with diphtheria. Miss Coudon, a nurse from a Jacksonville hospital is caring for her.

Mrs. Elizabeth Woodall of Winchester visited at the home of Mr. and Mrs. Charles Woodall this week.

David Neal of Roodhouse and sister, Mrs. Helen Wooley of Ann Arbor, Mich., visited with friends here Saturday. Mr. Neal and Mrs. Wooley resided in Manchester many years ago.

George Heaton of Gilman is visiting with relatives and friends here.

A GOOD GUESS.
W. R. Zahn and family of the vicinity of Concord drove to the city in their Cadillac car yesterday. Mr. Zahn said while attending the implement fair at Peoria a dealer in a certain kind of stock food filled a glass jar with money in bills, silver and nickels as well as cents and then gave each purchaser of a hundred pounds of his goods a guess at the amount of money in the jar. The prize to be a handsome calico Shetland pony. Mr. Zahn bought 500 pounds of the food which he considers excellent and proceeded to hand in his guesses one of which was \$25.59, the exact amount of money in the jar. Another man guessed within five cents of the sum and now Mr. Zahn's children are the proud possessors of a beautiful saddle animal in which they take great pride.

IN MEMORY OF JOHN KOENIG.
The annual memorial anniversary mass for John Koenig was celebrated at the Church of Our Savior, at 8 o'clock Monday morning, the celebrant being the Very Rev. F. F. Formaz, pastor of the Church of Our Savior. The well accomplished musician Miss Alice Browne of New York, was seated at the melodious pipe-organ, where so sweetly and softly she resounded the notes in honor of the dear departed one. The occasion being the thirteenth request of his wife, Kathryn Cosgriff Koenig, A. T. S. N.

ALEXANDER WON FROM HERSMAN.
Alexander won the deciding game of the series with Hersman at Hersman Sunday afternoon by a score of 6 to 5. It was an exciting game throughout and was won in the ninth inning when Christopher got a lift on a muffed fly, stole second and scored on a single by H. Clarke. Wheeler, H. Clarke, Debrates and Denny made up the infield of the Alexander team and Christopher played the outfield. The batteries were, Kitchin and Beerup for Alexander and Hinze and E. Clark for Hersman.

TO GIVE EVIDENCE ON EXEMPTION CLAIMS

Twenty-Five Men Summoned to Appear Before Local Board Wednesday—Fifty Called for Later Hearings.

Letters of notification were sent out Monday from the office of the local board of exemption to twenty-five men who were examined at the re-examinations held at Armory hall and who then claimed exemption, to appear before the board on Wednesday at which time they will have further opportunity of presenting the claims and bringing further light on their various cases. Twenty-five more will be heard Friday and another group of similar number will be present Saturday. There are about seventy-five claims for exemption for the local board to pass upon. Each individual registrant will be heard separately. All testimony at these hearings will be considered confidential by the board members. The hearings are to be held merely to give the members a better understanding of the different cases and in a better position to be able to deal fairly with all.

Among the men whose cases were not definitely decided at the time the rest of the drafted men were passed upon at Armory hall, the following cases have been decided by the board and were certified to the district board yesterday:

Marion Evans, Winchester, Route 5. Discharged on account of physical disability.

Jesse M. Reavis, Jacksonville. Discharged on account of physical disability.

William F. Stratton, Mercedosa. Made no claim for exemption.

Ralph Boyer, Franklin. Was sick at time of examination the first of

the month. Was examined Saturday and ordered to report in sixty days for re-examination.

At the request of the local board of Russell county, Kentucky, the local board examined William Ashley Roy, of near Jamestown, Ky., and found him physically fit. He made no claim for exemption and will, in his turn, be mobilized with the Russell county contingent.

MASS MEETING FOR GIRLS TODAY

All the girls of the David Price school are urged to attend the mass meeting at Northminster church this afternoon at 4 o'clock. Miss Mary A. Robertson of the Hanley-Fisher Evangelistic party, an expert worker with school girls, will give an interesting talk on "The Garden of Girlhood."

FOR STATE SENATOR

I hereby announce myself a candidate for State Senator for the 45th district, subject to the Republican primaries.

The Morgan County Republican Committee has chosen another man.

The Committee has no right to exercise that authority. That is not their business.

The rule of kaiser politics in Morgan county ought to cease.

Very respectfully,
Jas. H. DANSKIN.

LITERBERRY ACTIVE IN RED CROSS WORK

Knitting of Garments is Carried on to Large Extent—Helpful Sermons Heard Sunday—Other Literberry News Notes.

Literberry, Oct. 15.—Mr. and Mrs. J. M. Liter, Mr. and Mrs. J. M. Daniels and Harold Lee, took a pleasure ride Sunday afternoon in Mr. Liter's Buick car, going first to Virginia, then to Ashland and back to Literberry.

Miss Della Scribner, who has been visiting at Harmony Cottage, went to Waggoner Saturday to visit her sister. From there she will go to visit at Jerseyville, then to Richards, Missouri, returning to her home at Perry, Iowa in about a month.

Mrs. Durrell Crum went to Havana Sunday to spend the day with a little girl friend.

Interest in the Red Cross work does not lag. Everybody is winding gray yarn and knitting scarfs, sweaters and socks. Everybody is watching everybody else's knitting, and many a friendly jest is spoken among the knitters. May the good work and encouraging word go on.

Mrs. Cora Daniels of Bonnie Doone Cottage perpetrated a joke on herself about ten days ago, that does not set as well as if it had been on some one else. She went to Jacksonville with Mr. and Mrs. S. H. Crum in their reliable Hudson, and while walking on the street, became too warm, took off her coat, a brown cloth with brown lining, and carefully tucked it into an automobile, which she supposed belonged to Mr. Crum, but which belonged to some one else, and now Mrs. Daniels is minus a coat on these cold mornings.

Mr. and Mrs. J. E. Underbrink and Billy Gene of Inglenook Cottage, took a vacation last week and went to Kansas City and Archie, Missouri for a visit with relatives. They came home Saturday.

We were blessed Sunday by hearing two good sermons. The first was the morning sermon at the Baptist church in Literberry by the Rev. Smith of Greenfield. Mr. Smith took for his text, "The bread of life," and gave his congregation an interesting and profitable sermon. The second sermon we heard was in the afternoon at Grace Chapel by the Rev. C. A. Fairchild of Concord. The text was "Let not your heart be troubled." Mr. Fairchild gave us a good sermon, full of encouragement; a very helpful sermon with a bit of "go forward" at the close. We were in the Sunday school, with the efficient superintendent, H. E. Ogle, doing duty at all corners. There were some pretty songs too, and everybody sang, while Miss Edna Ogle presided at the piano.

The Grace Chapel members are very sorry to hear of the death of a former pastor, Rev. J. G. Reed of Merne, Iowa. This sad news came Saturday through the columns of the Methodist Recorder.

Stanley Quisenbury residing on Pine street, this city, has shown good judgment by purchasing the 18th Buick car of Howard Zahn and now he will be happy.

DOCTOR NORBURY HAS COMMISSION

Doctor Frank Garm Norbury, assistant pathologist, Boston City hospital, Boston, Mass., son of Dr. and Mrs. Frank P. Norbury, 1132 Williams boulevard, lately commissioned first lieutenant, Medical Officers' Reserve Corps, has been ordered to report for service in the laboratory of the base hospital at Camp Devens, Ayer, Mass.

Lieutenant Norbury graduated in medicine in June from the Harvard Medical school and has been serving in the pathological department of the Boston city hospital. He is also pathologist to the Boston city hospital unit and will serve in this unit when it is called for over-seas duty.—Springfield Journal.

ILLINOIS COLLEGE TO TRAIN MEN FOR SIGNAL CORPS

School of Telegraphy Both for Students and Drafted Men Will be Instituted at Local Institution—No Tuition Charge.

A School of Telegraphy to train men for service in the Signal Corps of the United States Army will be instituted in Illinois College provided a sufficient number of men apply for instruction. President Rammelkamp has been in correspondence with the War Department for some time regarding the establishment of such a school in connection with the College. The work is intended not only for the college students, but for any young men who may be interested whether in College or not. In fact it is the special intention of the War Department that men who have not been drafted should be given an opportunity to engage in this work. The Signal corps is a highly preferred and confidential branch of the service, and will, therefore, give more than ordinary opportunity to men of special qualifications. Applicants must be men of dependability and intelligence, and must be able to pass the physical test so that when called by the selective draft they may readily be turned over to the Signal Branch by presentation of certificates of ability as telegraphers.

Any of the drafted men in Morgan county who may be interested in this work are requested immediately to send a postal to President C. H. Rammelkamp, Illinois College, Jacksonville, Illinois, stating that they wish to have an opportunity to take the work. The work will be offered free of charge. If a sufficient number of such applications are received the course will be instituted. The work will be given either in the afternoon or the evening as the convenience of the men interested may determine. As previously explained these plans are being made with the full authorization of the War Department, and also with the endorsement of the local exemption board. Monthly reports of the work will be made to the War Department.

The instruction will be in the international Morse code, and in some of the elementary phases of radio work. Professor F. P. Whisler, of the College Faculty, will have general supervision, and Messrs. Albert Lee and John Martin, of the student body and Mr. Walter DeShara, of The Associated Press, will give the instruction. All of these gentlemen are generously donating their services.

WAVERLY VETERANS GO TO VICKSBURG

Will Attend Reunion at Vicksburg Battlefield—New Household Science Teacher for High School—Other Waverly News.

Waverly, Oct. 15.—J. A. Nunley, Edwin Batt, J. W. Luttrell, and Mr. and Mrs. Richard Cox left Sunday afternoon for Vicksburg, Miss., to attend the reunion of the siege of Vicksburg.

The residence of J. L. Adecock caught fire about eight o'clock Sunday morning. A portion of the roof was burned before the fire could be extinguished. It was thought to have caught from a spark from the chimney.

N. A. Jones of St. Louis visited from Saturday until Monday at the home of Mr. and Mrs. J. E. Lombard.

Mr. and Mrs. W. L. Hortsman spent Sunday in Springfield visiting U. S. Loving who is a patient at St. John's Hospital.

Mrs. Mary Hendrick returned on Sunday to her home in Mt. Sterling having spent a few days visiting at the home of her son, Albert Hendrick and family.

Mr. and Mrs. Geo. McKee returned Sunday from Springfield where she underwent an operation several weeks ago.

Miss Florence Keen of Robinson has been secured as household science teacher at the Waverly township high school to succeed Miss Edith Gwinn who resigned to accept a position in the University at Stillwater, Okla.

Mrs. Paul Allyn entertained a few friends Saturday afternoon for her sister Miss Elie Turner.

Miss Marie Vicker spent Sunday visiting friends in Springfield.

Mr. and Mrs. Glen Harney visited relatives in Franklin Sunday.

Dr. and Mrs. M. M. Bradley of Chatham spent Sunday at the home of Dr. and Mrs. G. W. Bradley.

Mrs. Richard Allyn of Modesto spent Sunday visiting at the home of Mrs. Paul Allyn.

AT THE BAPTIST CONVENTION

Several Jacksonville people are in attendance at the annual state Baptist convention held this year at Moline. It is understood that there was a ministerial meeting to be held last night and that the regular meetings of the association begin this morning. This is one of the big meetings of the year, as over a thousand delegates are expected. Delegates from this city appointed to attend the gathering are: Rev. A. A. Todd, Rev. Mr. Nicholson, Dennis Boham, Mr. and Mrs. Hastings, Mr. and Mrs. Jerry Cox, and Mrs. Elizabeth Stebbins.

To have uniform heat from a soft coal heater, it must be built of extra-heavy material and with an air-tight construction.

You will discover that the Round Oak Square Base Heater is from one and one-half to double the weight of the ordinary heater of the same size. This not only assures uniform heat distribution, but a lifetime service.

The seamless ash pit with doors ground on, means absolute control for life.

Then discover why the double fire pot burns hard coal, soft coal, coke, or wood with excellent results.

Test the weight of the boiler-iron body.

Examine the door frames and you will further discover the increased service-giving realized in the purchase of this specialty.

We invite the most rigid investigation, knowing that your good judgment will compliment our featuring this heater.
